Hello!

Ștefan AGRIGOROAȘI 16:05
Hi! Please use this space to address questions to Dr. Mariane Frenay. These questions will be asked in the order of their appearance, at the end of the talk. Thank you!

Ramona - Elena Rotaru 16:38
Congratulations! A great presentation!

Lynette Jacobs 16:43
Thank you for your presentation. It was very informative. Are you perhaps aware of examples of strategies to specifically promote persistence and success amongst first generation students in their first year?

Emilia Tuluc 16:43
Thanks for all the really interesting information!

Tombari James 16:43
Thank you very much Mariane.

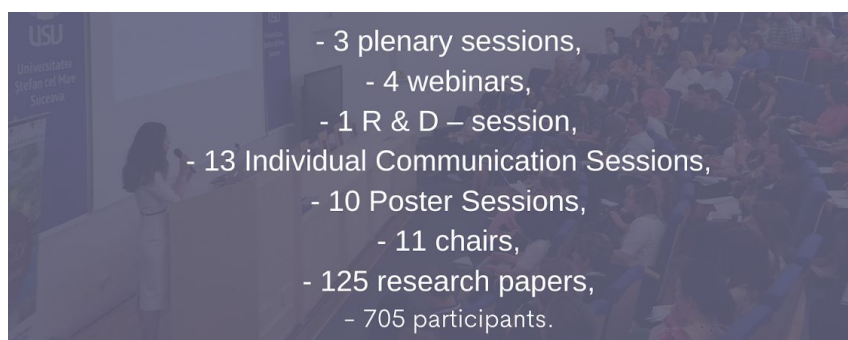

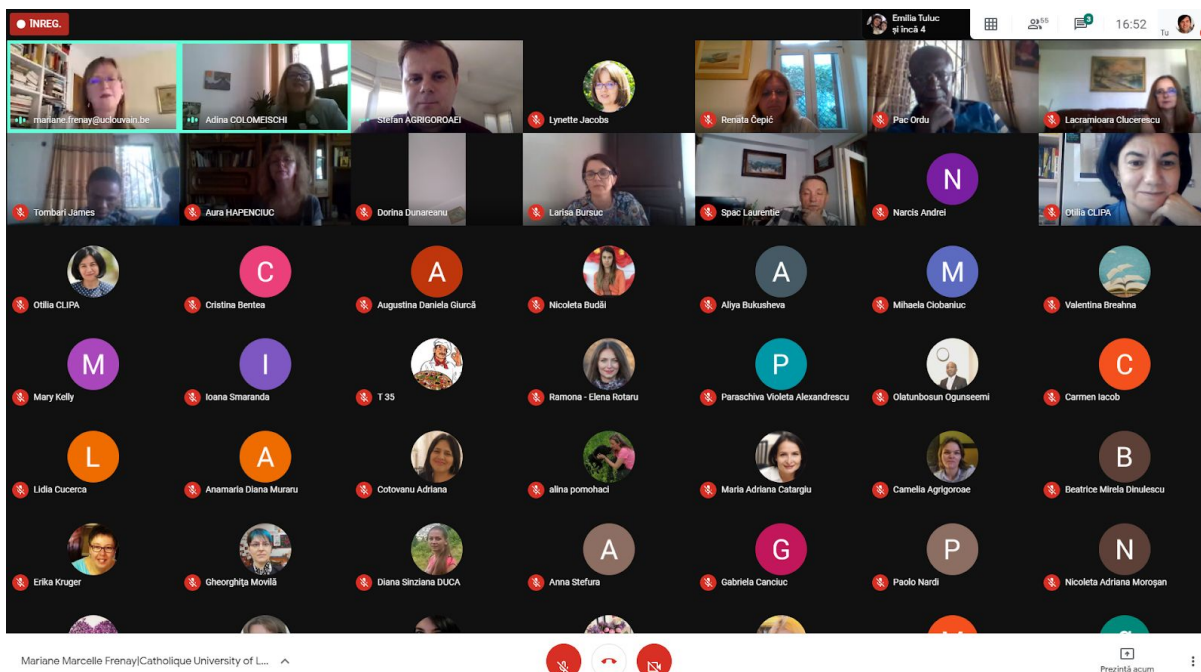

Valentina Breahna 16:44
Thank you very much!!

Causes?

In the 21st siècle we are witnessing at the deep imbalance between the scientific and technological progress and education system.

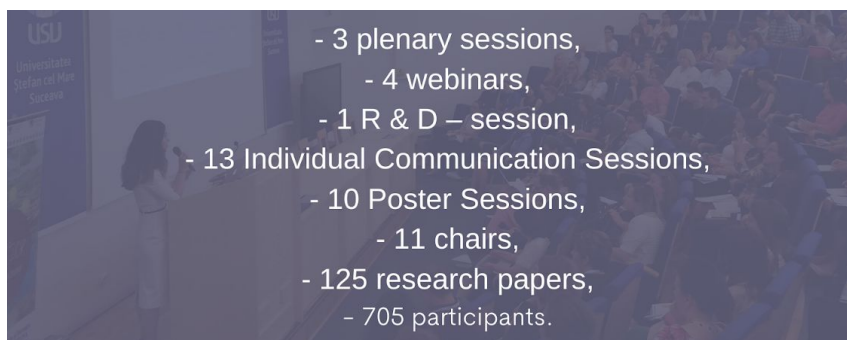

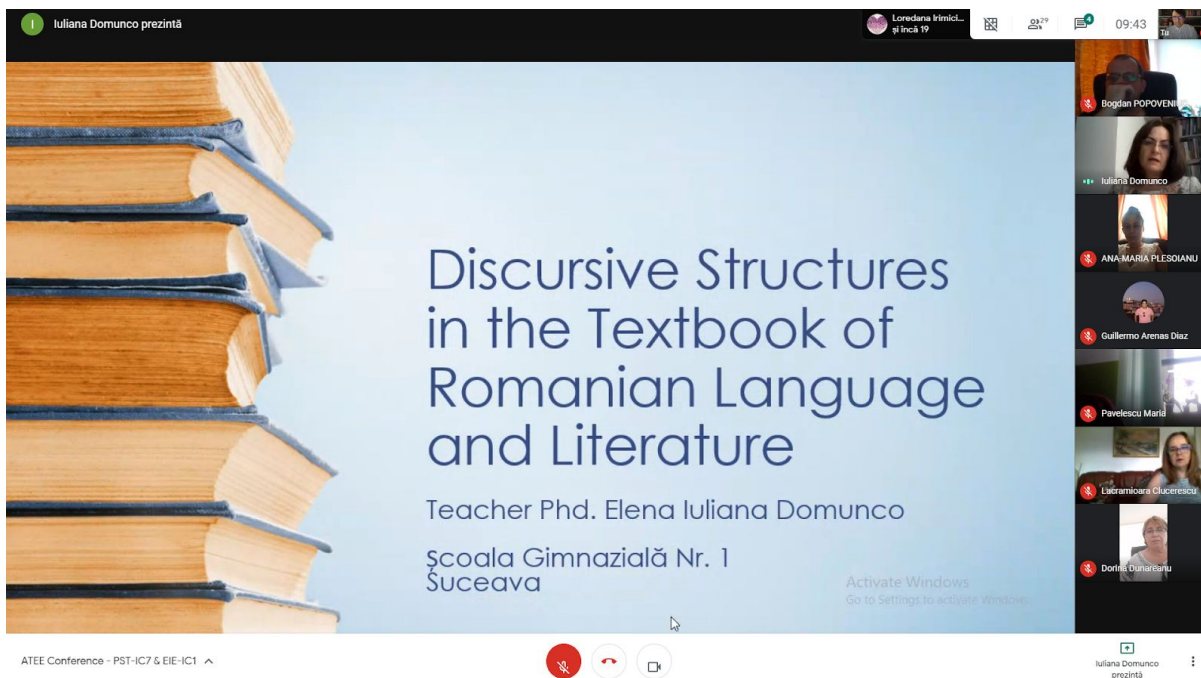

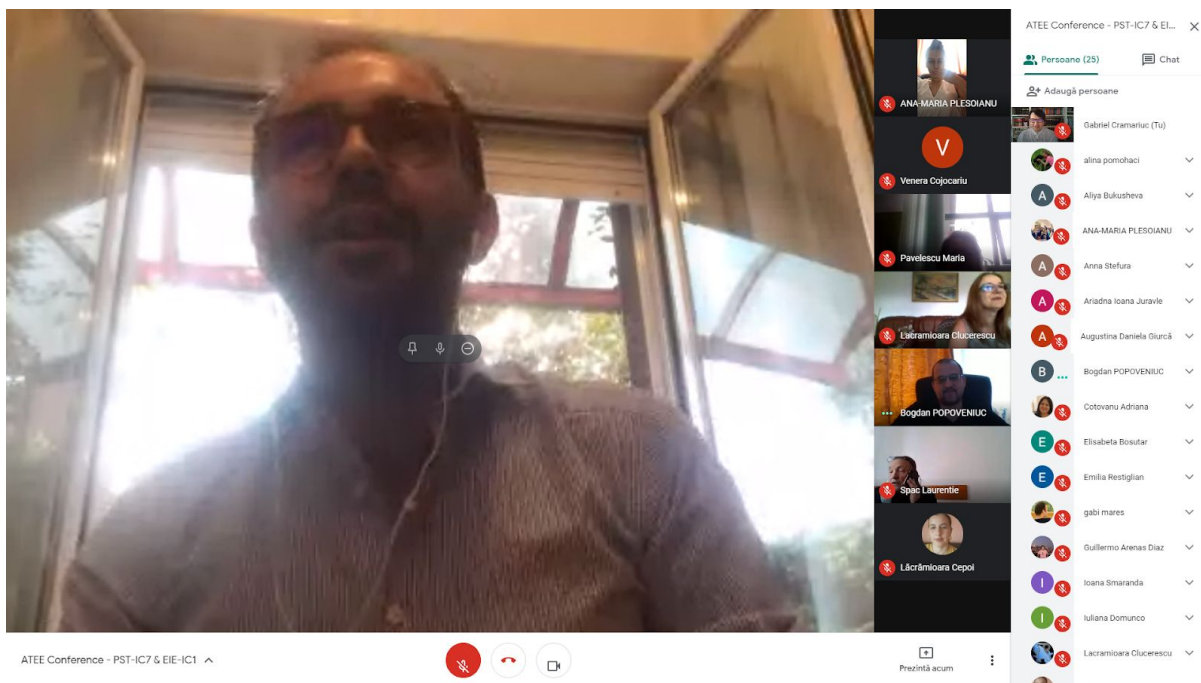

The education was transformed in work force market oriented instruction and chased to be of enlightenment learning.

The tremendous technological development transforms societies and culture and made obsolete the common settings of moral and experiential learning as the family, church, neighborhood communities.
